***Attach Petition & Legal Description**

Signature of Applicant

Date:

Revised 1/1/15

Note: Vacation requests are reviewed by the City's Site Plan Review Committee prior to being forwarded to the Planning Commission which makes a recommendation to the City Council. The Planning Commission hears the request at a public meeting; the City Council holds a public hearing. If City Council approves the request, applicant(s) will be directed to obtain and submit an appraisal and it has been Council's practice to accept one-half of the amount of the appraisal as is allowed by State Statutes (RCW 35.79.030) to complete the vacation process by signing a vacating ordinance.

Upon completion of the vacation process the land being vacated is assigned back to the property it was dedicated from. This action is outside the City's vacation process and is administered by the Walla Walla County Auditor's office.
