All interested persons and parties may comment on the application, receive notice of hearing and/or a copy of decision(s) made on the proposal by filing a special notice request with the City of Walla Walla as provided in section 20.14.015 of the Walla Walla Municipal Code, and participate in hearings, if any.

The City of Walla Walla Development Services Department is using the optional threshold determination process under the State Environmental Policy Act (SEPA), authorized by WAC 197-11-355. The application comment period may be the only opportunity to comment on the environmental impacts of the proposal. A copy of the SEPA determination on the proposal may be obtained upon request. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an environmental impact statement is prepared. The SEPA responsible official has preliminarily determined that the proposal is subject to threshold determination requirements and the responsible official expects to issue the following threshold determination: Mitigated Determination of Non-Significance (MDNS).

The following identified existing environmental documents are hereby incorporated by reference, and all or part of the documents may be used to evaluate the application/proposal:

- The Walla Walla Comprehensive Plan, Walla Walla 2040, and Final Environmental Impact Statement issued May 22, 2018
- Submitted SEPA environmental checklist, dated July 20, 2020
- Geotechnical Engineering Report prepared by PBS, dated February 26, 2020
- Traffic Impact Analysis (TIA) prepared by PBS, dated May 8, 2020

These documents are located at the offices of the City of Walla Walla Development Services at 55 East Moore St., Walla Walla, Washington, and shall be made available for public review during all applicable comment periods on the application/proposal. The relevant content of these documents is briefly described as an Environmental Impact Statement for the Walla Walla Urban Growth Area which evaluates proposed actions, alternatives, and environmental impacts of activities allowed by the Walla Walla Comprehensive Plan & Environmental Impact Statement, as amended, for designated land use classifications. The TIA analyzes the anticipated transportation impacts as a result of the proposed project. The geotechnical report provides soil condition information.

The following information may be included, where indicated, in the application or a determination of completeness upon the proposal made by the City of Walla Walla. If reference is made below to the application or determination of completeness, copies of the referenced materials are attached hereto. Preliminary determinations and information contained herein shall not bind the City of Walla Walla and are subject to continuing review and modification.
